**Report on ISPR Internship Announcement for CS and IT Students**

**Date:** 29th May 2024

**Venue:** Department of Information and Computing, University of Sufism and Modern Sciences, Bhitshah

---

On **29th May 2024**, the **Department of Information and Computing** at the **University of Sufism and Modern Sciences (USMS), Bhitshah**, announced an exciting opportunity for all students enrolled in the **Computer Science (CS)** and **Information Technology (IT)** programs to participate in an internship program with the **Inter-Services Public Relations (ISPR)**.

The **ISPR Internship Program** is a prestigious initiative aimed at providing students with practical exposure to cutting-edge technology, digital media, and communication strategies within the armed forces. The program offers an excellent platform for students to gain hands-on experience in areas such as **data analysis, cybersecurity, artificial intelligence, and media production** while working alongside seasoned professionals.

**Key Highlights of the Announcement:**

- The internship is open to all students currently enrolled in the **CS** and **IT** programs, offering them a unique opportunity to work in a dynamic environment that combines technology and national security.
- **ISPR** aims to cultivate future leaders by exposing interns to real-world scenarios, enabling them to apply their academic knowledge to solve complex challenges.
- This initiative is expected to enhance the students' professional skills and prepare them for successful careers in both public and private sectors.

**Dr. Muhammad Qasim Memon**, Head of the Department of Information and Computing, announced the internship and encouraged students to take advantage of this rare opportunity. He emphasized the importance of internships in bridging the gap between academic learning and industry demands, and commended **ISPR** for their initiative to engage with academia.

Students were informed about the application process, which includes submitting their **CVs** and **transcripts** and police verification certificate as requirement to process the application. A dedicated team has been established to guide interested students through the application process and ensure that they meet the eligibility criteria for this prestigious internship program.

**Important Dates:**

- **Application Deadline:** 10th June 2024
- **Interview Process:** Starting from 15th June 2024

**Dr. Memon** reiterated that this internship would not only provide valuable work experience but also offer a chance to contribute to projects of national significance. He urged all eligible students to apply and make the most of this opportunity to work with one of the most respected institutions in Pakistan.

The announcement was met with great enthusiasm by the students, who expressed their excitement about the opportunity to be part of such an impactful program. The application of total 12 students were submitted from the department before the deadline.
