

POWER TO THE YOUTH

The Civil Support Program (CSSP) orchestrated a Provincial Youth Consultation under the European Union-funded project, "Power to the Youth," with backing from its lead partner, Norwegian Church Aid NCA Pakistan, and implementing partners, Rozan and Shirakat, on November 30, 2023. Professor Dr. Parveen Munshi, the Worthy Vice Chancellor of the University of Sufism and Modern Sciences, Bhitshah, graced the event as the Chief Guest. She presented awards and certificates to the youth from various provinces of Pakistan. During her concluding remarks, Dr. Munshi emphasized that rural youth face challenges in advocating for their rights. She declared that no woman is weaker in society, asserting their right to education and employment in various fields. Dr. Munshi urged parents to encourage and support their daughters as they do their sons. She commended the CSSP for organizing this remarkable event.
