Department of Information and Computing

No. USMS/DIC/15 of 2024

Dated: 01st October 2024

Report on the Recruitment Drive Conducted on 26th September 2024

Organizers:

- Department of Information Computing, University of Sufism and Modern Sciences (USMS)
- Shaheed Mohtarma Benazir Bhutto High School, Khandu

Date: 26th September 2024

Venue:

USMS Bhitsah

Introduction:

The recruitment drive organized on 26th September 2024 was a collaborative effort between the Department of Information Computing, University of Sufism and Modern Sciences (USMS), and Shaheed Mohtarma Benazir Bhutto High School - Khandu. The drive aimed to provide students and local talent with career opportunities, insights into the career counselling, and networking possibilities with professionals and faculty members. The event focused on bringing students closer to real-world opportunities and career growth in computing and information technology.

Objectives:

1. To bridge the gap between academia and industry by offering students exposure to career prospects.
2. To provide career guidance and counseling to prospective candidates.
3. To assess potential recruits for various academic and industrial opportunities.

Activities Conducted:

1. Opening Ceremony:

The event was inaugurated with an introductory speech by the Head of the Department of Information Computing at USMS. The speech highlighted the importance of industry-academia collaboration in shaping future professionals. Faculty members from both USMS and Shaheed Mohtarma Benazir Bhutto High School welcomed the participants and shared their thoughts on career-building.

2. Workshops and Career Guidance Sessions:

A series of workshops were held to familiarize students with the latest trends in the IT sector. Industry professionals and faculty members shared insights into the evolving landscape of computing technologies, programming, and career paths. Students were also

given hands-on sessions focusing on practical skills that would enhance their employability.

3. Interview and Selection Process:

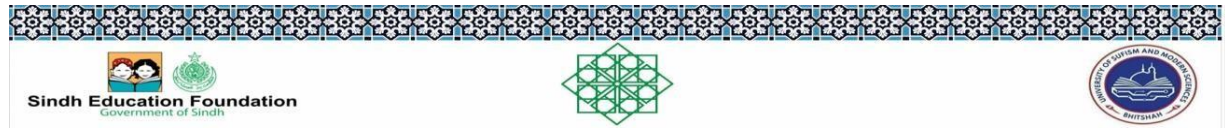

Representatives from both institutions conducted on-spot interviews with aspiring candidates for various roles and internships. Students were guided through a structured recruitment process, including resume submissions, aptitude tests, and interviews.

Conclusion:

The recruitment drive successfully attracted a large number of students and job seekers. It provided participants with a platform to explore career opportunities, gain industry insights, and enhance their networking skills. The collaborative effort between USMS and Shaheed Mohtarma Benazir Bhutto High School marked a significant step toward fostering a strong relationship between academia and ensuring that young talent from Khandu has access to promising career prospects. No. of students Appeared from all the departments were 24 and selected candidates are recommended for demo as shown below:

Acknowledgments:

We extend our gratitude to the faculty, staff, and students of both the Department of Information Computing at USMS and Shaheed Mohtarma Benazir Bhutto High School - Khandu for their active participation and contributions to the success of this event.
