

Report on Entry Test for MS Data Science Program

Date of Test: Tuesday, 26th August 2025

Venue: USMS Bhitshah

1. Introduction

The Department of Information and Computing, Faculty of Science and Technology, University of Sufism and Modern Sciences (USMS) Bhitshah, successfully conducted the **Entry Test for admission to the MS Data Science program on 26th August 2025**. This marks a historic milestone as it is the **first time in the history of the department** that the MS Data Science program has been commenced.

A total of **29 candidates registered** for the entry test. Out of these, **28 candidates appeared** on the scheduled date, ensuring a strong participation rate of over 96%.

The test was conducted in a fair, transparent, and disciplined manner at the **USMS Bhitshah**. All necessary arrangements, including seating, invigilation, and administrative support, were in place to facilitate a smooth process. The department ensured compliance with university guidelines and examination protocols to maintain the integrity of the entry test.

The successful organization of this entry test demonstrates the commitment of the Department of Information and Computing to promoting advanced education and research in the field of **Data Science**, which is one of the most emerging and sought-after domains of Computer Science and Artificial Intelligence. This initiative reflects the university's dedication to offering quality postgraduate education and preparing skilled professionals to meet future technological challenges.

The Entry Test for MS Data Science at USMS Bhitshah was successfully conducted with **28 out of 29 registered candidates appearing**. This achievement not only signifies the beginning of a new postgraduate program but also highlights the capacity of the Department of Information and Computing to organize and execute academic initiatives of national importance.

The department looks forward to continuing this momentum by conducting interviews, finalizing admissions, and commencing the **first-ever batch of MS Data Science** at USMS Bhitshah.
